TA-7650 | MediaHub HD™

Auto switching connectivity panel with Bluetooth®. Connects portable electronic devices to flat screen televisions using a single HDMI® cable. Allows Stereo Bluetooth enabled smart phones, laptops, or MP3 players to wirelessly stream audio through the TV speakers.

MediaHub HD with optional desktop housing for easy installation on table or desk.

- The MediaHub HD is compatible with any TV with an available HDMI port
- All-in-one connectivity panel for your guest's electronic devices (such as laptops, digital cameras and video cameras, iPods®, iPhones®, game consoles and more)
- Single HDMI cable makes installation easier
- Attractive acrylic DeskCard provides guest user instructions
- USB 5V power socket lets guest charge portable devices
- Prevents guests from tampering with existing TV connections
- Low-profile, aesthetically pleasing compact design
- Available in a variety of trims to fit any decor
- Can be deployed worldwide
- Includes all cables needed for installation

TA-7650 | MediaHub HD™

Built for Commercial Use

MediaHub HD is a commercial connectivity panel, designed and built using quality materials to withstand daily use by hotel guests.

Featuring Stereo Bluetooth Wireless Technology

The only connectivity panel to feature Bluetooth technology, allowing guests to stream music wirelessly through the TV sound system.

iPod/iPhone, MP3 Player or Laptop Audio

Guests can play their own music through the TV sound system using a standard audio jack to connect their devices to the panel, or via built-in Bluetooth feature.

Video Media

Guests can view video media from their PC, camcorder, DVD player and any other device supported through VGA, composite AV, S-Video and HDMI.

Interactive Game Entertainment

Guests can connect game consoles to the TV through composite audio/video or HDMI connectors.

Auto-Switching

MediaHub HD is compatible with any TV with an available HDMI port, guests use the remote control to select the HDMI input. Automatic input switching is available with some TVs, ask your TeleAdapt sales representative for a list of compatible TVs and VOD providers.

Auto-Sensing

MediaHub HD senses the last device plugged in and switches to the correct input. Guests can toggle between devices with a push of the LED button above each port. Indicator lights show guests which input is active.

Multiple Mounting Options

MediaHub HD can be mounted in a variety of ways. Flush mount the panel in the wall, or mount it on a desk or table with our optional desktop housing.

USB Charging

USB 5V power socket provides a convenient way for guests to charge their portable devices.
